Potential Tax Consequences of Insuring Domestic Partners / Child Over 26

Potential Implications

  • ISU will impute the income and you are taxed on added value of coverage

Over-aged Dependent (that is not a tax dependent i.e., disabled)
  • Over age 26 and an unmarried, full-time student

Domestic Partner
  • State and Federal tax
Double Spouse Options - Medical & Dental

Share A Family Contract on ISU Plan

- Who can share:
  - Faculty
  - Professional & Scientific
  - Merit
  - Pre/Post Doctoral Associates

- Two employees with children to insure can share a family contract.

- One employee’s name is on the contract.

- Only applies to a family plan. If children come off the plan, the double spouse option must end.
Duplicate Coverage – State of Iowa

If your spouse/partner/dependent child is also a State of Iowa employee:

• You and dependents cannot be covered under two plans provided by the State of Iowa.
  • Example #1: A DOT employee can’t have family coverage at the DOT and also be covered as a dependent on your medical and dental insurance plans at ISU and vice versa.
  • Example #2: A ISU employee can’t be covered under their own ISU plan and also as a dependent on another (such as parent’s/spouse’s) ISU plan.
Coordination of Benefits

- If your spouse/partner has coverage with another employer’s plan. There may be:
  - Coordination of medical and dental plans
  - ISU Plan does not allow prescription plan coordination with Express Scripts (choice of member)
- Coordination of benefit rules applied:
  - Employer’s plan coverage is primary for the employee.
  - Insured dependent children: the primary coverage is determined by earliest date of birth of both contract holders.
