Lancelot and Elaine
Lancelot and Elaine are the swans who currently reside on Lake LaVerne and originally donated by the Class of 1931.

Lake LaVerne
Lake LaVerne was constructed and landscaped in 1916, a gift of LaVerne Noyes, an 1872 Iowa State alumnus. One of Iowa State’s many traditions involves Lake LaVerne. If you walk silently around the lake three times with your beloved, you are destined to be together.

MEDICAL INSURANCE

Insurance coverage becomes effective on the first day of active work, provided enrollment applications are completed prior to the assigned deadline. If coming from an ISU pre/post-doctoral appointment your current medical tier and plan will remain the same.

The University contributes a share towards the full premium, based upon the plan and tier of coverage elected (employee only, employee and spouse/domestic partner, employee and child(ren), or employee and family). The employee pays the difference between the premium cost and the ISU share.

A “double spouse/domestic partner” shared contract option may be available for employees, with eligible children, whose spouse/domestic partner is also employed with ISU. The double spouse/domestic partner rate in the following box is for a qualified couple sharing the ISU Plan. Contact the Benefits Office for details.

Fountain of the Four Seasons
Placed around a circular fountain, the four seated American Indian women represent an Osage chant of thanksgiving. The four women face north, south, east and west, each demonstrating a line of the prayer. The first woman is planting the seed, "Lo, I come to the tender planting." The second woman bends close to the earth, "Lo, a tender shoot breaks forth." The third woman holds a harvest basket of maize, "Lo, I collect the golden harvest." The forth woman nurses her newborn baby, "Lo, there is joy in my house."

The story of the campanile is a love story. Edgar Stanton graduated with the first class of Iowa State in 1872. He spent 50 years on campus as a student and faculty member. When his first wife, Margaret MacDonald Stanton, died in 1895, Stanton wanted to establish a monument so all students and friends of Iowa State would remember her.

Since the story of the campanile is a love story, the “campaniling” tradition was created. A student officially becomes an Iowa Stater when he or she is kissed under the campanile at the stroke of midnight. During homecoming hundreds of students gather for mass campaniling. Couples kiss, the band plays, and fireworks go off at the stroke of midnight.
